PERTH
HERITAGE + HEART

2022 Highlights

Perth's Heritage Conservation District (HCD) was formed in 2012 to preserve the unique character and cultural significance of this area. Perth's heritage fosters community pride, attracts tourists, and boosts the local economy. If you are thinking about renovating the exterior of your heritage building, please reach out to us...we would be happy to provide you any historic photos and heritage information we may have.

Thank you to the members of the Heritage Perth Advisory Panel for volunteering your time and expertise to help support heritage building owners, and for providing useful input for heritage matters in Perth.

Shannon Baillon, Director of Community Services
sbaillon@perth.ca | 613-267-3311 ext. 2227.

HERITAGE PERMITS

The heritage buildings in Perth are some of our best-know features. Thank you to everyone who has enquired about a permit and who has completed work on their property. In 2022, the Town issued 21 Heritage Permits, bringing the grand total to 285 permits issued since 2012. If you are interested in making changes to the façade of your building, please contact Kathryn Jamieson, Heritage Tourism Manager at tourism@perth.ca. We look forward to hearing about your vision and plans, and we're here as a resource for you.

HERITAGE PERTH ARCHITECTURAL CONSERVATION AWARDS

The Heritage Perth Architectural Conservation Award Program recognizes, promotes, and encourages excellence in heritage conservation in Perth, Ontario. Thank you and congratulations to the following:

- Building Category: The Red Fox building at 80 Foster Street
- Heritage Craftsperson: Vanessa Di Nardo for her work at 1 Gore Street East
- Heritage Craftsperson: Lynda Haddon for her work on various heritage designated grounds and gardens
